storytelling 2 success the pdf

Organizational storytelling is a concept in management and organization studies. It recognises the special place of narration in human communication, making narration "the foundation of discursive thought and the possibility of acting in common." This follows the narrative paradigm, a view of human communication based on the conception of persons as homo narrans.

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).
