The Survival / Homesteading / Preparedness

Survival skills are techniques that a person may use in order to sustain life in any type of natural environment or built environment. These techniques are meant to provide basic necessities for human life which include water, food, and shelter. The skills also support proper knowledge and interactions with animals and plants to promote the sustaining of life over a period of time.

The Living Ready Pocket Manual: First Aid teaches you basic first aid to prevent and treat the most common health threats and injuries faced during a 72-hour survival situation, including dehydration, exposure, foot injuries, fractures and sprains, and flesh wounds.

Books by The Survival Doctor

A first aid kit is a collection of supplies and equipment that is used to give medical treatment. There is a wide variation in the contents of first aid kits based on the knowledge and experience of those putting it together, the differing first aid requirements of the area where it may be used and variations in legislation or regulation in a given area.
