sustainable construction award schemes pdf

Green building (also known as green construction or sustainable building) refers to both a structure and the application of processes that are environmentally responsible and resource-efficient throughout a building's life-cycle: from planning to design, construction, operation, maintenance, renovation, and demolition. This requires close cooperation of the contractor, the architects, the ...

Green building - Wikipedia

Sustainable energy is energy that is consumed at insignificant rates compared to its supply and with manageable collateral effects, especially environmental effects. Another common definition of sustainable energy is an energy system that serves the needs of the present without compromising the ability of future generations to meet their energy needs.

Sustainable energy - Wikipedia

Wdesk for SOX and Internal Controls by Workiva Inc.. Wdesk is a modern productivity suite that is reinventing how SOX and audit teams work. Built for the cloud, Wdesk connects risk, control, and audit data in a single, easy-to-use platform that provides unprecedented productivity.
